The Wadesboro Ansonian is conducting a baby contest, same as The Robesonian, and Editor Bivins is so cheery over the pictures of the pretty babies that he took his life in his hands the other day and asked right out in print in his paper, "Will Editor Sharpe kindly explain why there are so many more pretty babies in Anson county than there are in Robeson?"

War Claim of Lumber Bridge Presbyterian Church Allowed.

Washington Dispatch, 9th.

Congressman Godwin has secured the passage through the House of Representatives of a claim that has been before the Congress for a great number of years, that of the Presbyterian church of Lumber Bridge, N. C., for \$1,800, for the destruction of its church property during the Civil War by Federal soldiers.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity.

On January 1, 1908, Two Dollars were spent by different men, both in the city of Lumberton. The story of these two dollars during the past year will be of interest to the man who wishes to do the best for himself and his Southland.

The first went through the usual-banking channels to New York and there was held in a vault of the Mammoth Life Insurance Company of New York. The other was part of \$35 which was spent for a life insurance policy in the Mammoth Life Insurance Company of Raleigh, the JEFFERSON.

The first went through the usual-banking channels to New York and there was held in a vault of the Mammoth Life Insurance Company of New York for about three months, and then, with thousands of other dollars, was used to purchase the bonds of a large factory in Massachusetts.

The story of the other dollar, the one which was spent for a life insurance policy in a Mammoth Life Insurance Company of North Carolina, the JEFFERSON, of Raleigh, is just as interesting.

It was paid into a local bank. Within three weeks it was loaned, with many other dollars, to a man in North Carolina, who, having confidence in his State and in his section, was developing his farm and needed this money to build better barns, a better home, and improve his land.

C. A. Glossner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills.

After detailing his case, he says: "I am only sorry I did not learn sooner of Foley Kidney Pills. In a few days' time my backache completely left me and I felt greatly improved. My kidneys became stronger, dizzy spells left me and I was no longer annoyed at night. I feel 100 per cent. better since using Foley Kidney Pills." All dealers.

druggist's bill. The druggist used it to pay his neighbor farmer for some vegetables. From there it went to the local butcher. From him it went through many other hands, and eventually paid hundreds of dollars of debts.

Eventually, with nine hundred and ninety-nine more dollars, it went to a poor widow whose husband had just died, and the Thousand Dollar policy which she held in the Mammoth Life Insurance Company of South, the JEFFERSON, contributed to a very large extent to alleviate her unhappy condition by enabling her to care for her little ones and educate them.

Moral—Why will Southern people continue to send their money to the North for life insurance, when they have in the City of Raleigh a company that is not only the strongest regular Life Insurance Company in the South, but offers ideal policy contracts as cheap as is consistent with safe insurance.
